# Polling Location

At each polling location, all PEOs work as a team to make sure voters are at the correct location and given the correct precinct ballot. The team makes sure all election laws are followed and every voter has access to a fair voting process.

The following positions and materials are required at every polling location:

- One Voting Location Manager (VLM) and one Voting Location Deputy (VLD).
- PEOs assigned by party – Democrats, Republicans, and Non-affiliated. Not more than one half of PEOs assigned may be members of the same party.

When handling ballots and voting equipment, both parties *must* be represented.

- At least two ePBs for each location – one labeled as VAT and the other one as Check-in. Voters go to any Check-In ePB and any Vscan in the location.
- Every location has Vscan(s), voting booths and one Access Station.
- *Find Voters List* combines voters from all precincts at the location.
- Campaign Neutral Zone (see pg 8) - Identified by placing US flags and *No Campaigning* signs 100 feet from voting entrance.
  - \* Voters may bring their own campaign papers to the location for personal use but cannot display them.

## Precinct Election Official (PEO)

- A poll worker on Election Day
- Has an understanding of all jobs at the polling location
- Responsible for ensuring a fair and accurate election by following all procedures and instructions from the VLM and the Board of Elections

# Ethics, Professionalism & Campaigning

PEOs are here to serve the voters of Hamilton County and guide them through the democratic process.

## Ethics & Professionalism

- Treat everyone in a professional manner.
- Work efficiently.
- Resolve problems so voters can vote with ease and confidence.  
Body language is a powerful tool in tense situations.

A PEO should never display or make any type of statement which may be political in nature.

- \* Allow a person their personal space.
- \* Watch your posture—keep arms uncrossed and hands off hips.

Listen to the voter's concerns or questions and communicate using positive and helpful statements.

- \* Let the voter speak, do not interrupt.
- \* Use positive language "I want to help you" or "Let's call the help desk to figure this out."
- Must be non-partisan and work together as a team.
- Respect & listen to instructions from the VLM.
- Understand you are the front line of our democracy—utilize resources such as the Quick Guide, Comprehensive Manual, Troubleshooters and Help Desk.
- If you don't know the answer to a question or are unsure of what to do, ask for help.
- Put yourself in the voter's shoes: voting is important, and we all want our voices heard.
- No electronics – other than those provided by the BOE – may be used at the polling location including laptops, tablets, music players, radios, etc. Cell phones can be used for BOE contacts.

## People Allowed in the Polling location:

A voter; the voter's child or other person assisting the voter.

Election officials, BOE staff with credentials.

Persons reviewing 6:30am, 11am & 4pm List of Voters.

Appointed Observers (ask to see *Certificate of Appointment*).

A police officer

Media allowed reasonable access to polling locations during elections – including filming but they cannot film a voter's ballot or broadcast 'live' from inside the voting area. If a reporter requests an interview, contact the Help Desk.

**People NOT Allowed:** candidates or campaign workers; pollsters; persons collecting petition signatures; persons or a group distributing food.

## Campaigning

Keep the polling location a **CAMPAIGN NEUTRAL ZONE**—all campaign solicitors and materials must stay outside the flags. Voters may bring materials, like sample ballots, for personal use.

The following is *not* allowed in the polling place or surrounding neutral zone:

1. Attire and paraphernalia displaying the name of a political party
2. Attire and paraphernalia displaying the name of a candidate
3. Attire and paraphernalia demonstrating support of or opposition to a ballot question or issue on the ballot
4. If a voter refuses to remove or cover up prohibited campaign attire or paraphernalia, the voter must be allowed to vote if the voter is entitled to do so. School spirit clothing generally does not explicitly advocate for or against the passage of a school levy.

Even though particular attire may be viewed by some as a political statement, if it does not include the name of a candidate or a political party, or advocate for or against a ballot question or issue, it should be allowed. PEOs are held to a higher standard and should never display attire which could be portrayed political in nature. If questions arise about campaign activity, contact the Help Desk.

# Election Security at the Polls

The Vscan and Access Station are *not* connected to the internet.

Ballots scanned on the Vscan are recorded on secure vDrives that are tabulated at the Board office election night and they are backed up by the voted paper ballots. Audits are conducted after the election. Poll workers are assigned by both the Democratic & Republican parties.

PEOs should do the following to help make sure the election is secure at the polling place:

1. Check all zip tie seals on equipment
2. Election morning, run a *Zero Report* to show no ballots were cast on the Vscan
3. Keep watch over equipment, materials & supplies on election day & report suspicious activity
4. Document any incidents in *Notes pages/Forms Binder*
5. Follow chain of custody procedures
6. Call **911** if there is an emergency. The polling place address is listed on the back of the Check-In and VAT signs

## Evacuation of your Polling Location

If you must leave your polling location due to an emergency like a fire, keep calm.

Your safety and the safety of voters is the first concern. If there is time to do so safely, gather the following:

- Vscans
- Voted ballots (it may be quickest to pick up the locked ballot box with voted ballots inside)
- ePoll Books
- *Provisional & Unscanned Envelope* bag
- Unscanned envelopes and clipboards

If voters are in the process of voting when the evacuation takes place, they may finish voting once out of the building in a safe place by using the clipboard and placing the ballot in an unscanned envelope. The unscanned envelope is then placed in the *Provisional & Unscanned Envelope* bag and must remain in the custody of bipartisan PEOs.

Call the Help Desk as soon as you are in a safe place.

## Election Security at the Board Office

**The Vote Counting room—where ballots are tabulated—is not connected to the internet**

The Ohio Secretary of State, working with all boards in Ohio, implemented these security measures:

1. Physical improvements
2. Personnel background checks
3. Secure websites & emails
4. Cyber attack detection & tracking tools
5. Board staff security training

# Observers at Precincts on Election Day

Observers may be appointed by political parties, a group of candidates, or a committee advocating or opposing a ballot issue or question to observe the casting and counting of ballots at one or multiple precincts on Election Day.

All Observers **must** present a **Certificate of Appointment of Observer** to the VLM or VLD. Take an oath that is administered by the VLM or VLD. All observers must sign the *Signature* page in the *Forms Binder* after taking the oath.

## Observers OATH:

*“You do solemnly swear that you will faithfully and impartially discharge the duties as an official observer, assigned by law; that you will not cause any delay to persons offering to vote; and/or that you will not disclose or communicate to any person how any elector has voted at such election.”*

## Observers CAN:

- Be in the polling place before, during, and after hours of voting, as long as PEOs are present.
- Use electronic communication devices or any audio/visual recording device as long as they do not impede, interfere with or disrupt an election, or in any way intimidate the voter. Device must be silenced, it can be used to send/receive text messages, and emails and other non-verbal communications but observer must leave polling place to have audible conversations regarding the election or perceived problems.
- Move freely in the polling place to the extent that they do not engage in prohibited activity.
- Only observe in the precinct to which they are duly appointed (displayed on certificate).

## Observers CANNOT:

- Interfere with election officials completing their official duties.
- Use any electronic or communication device including cell phone in any manner that causes a disruption or to discuss the election within the polling place or to take photographs, videos or to record any conversations inside the polling place.
- Handle any election materials.
- Engage in any kind of election campaigning.
- Hinder or delay a voter in reaching or leaving the polling place.
- Impede, interfere with, or disrupt the election in some manner.
- Intimidate, harass, or attempt to influence voters or precinct election officials.
- Carry a firearm or other deadly weapon.
- Risk violating the secrecy of the ballot or the privacy of voters.

Observers are not election officials, enforcers of the laws nor are they advocates for voters before precinct election officials.

### Removing Observers:

Only VLM, Director, Deputy Director, and appointed authorities have the authority to remove observers from their posts. Law enforcement officials have the statutory duty to remove observers at the order of one of the above. When removed, the observer may be requested to turn in their certificate of appointment.

# Overall Guidelines for Processing Voters

All voters must vote in the precinct in which they live. Again, this is true for all voters, including provisional voters. Voters can check-in at a regular ePB or at the VAT ePB. When checking voters in, make sure to follow the directions as they display on the ePB.

 Keep in mind that though most voters are processed at the Check-In ePBs, some ePB instructions may require you to send a voter to the VAT ePB for processing.

The following table shows what options are available on a regular ePB in comparison with a VAT ePB (connected to an ePB printer).

Option	VAT ePB + ePB Printer	Regular ePB
Process regular voters	Y	Y
Issue voter replacement ballots	Y	Y
Show device info and log out	Y	Y
Look up and direct voters to correct voting location	Y	Y
Contains help guide and phone numbers	Y	Y
All PEOs Clock-In Payroll/Oath	Y	N

## Assist a Voter to Mark a Ballot

A voter can either bring someone with them to assist in marking a ballot, or they can request PEO assistance. If the voter requests PEO assistance, *both* a Democrat and Republican PEO must assist, and the instance should be recorded in the *Notes* pages.

## Curbside Voters

If a voter is unable to enter the polling location due to a physical disability, the voter may request PEO assistance. If the voter requests PEO assistance, *both* a Democrat and Republican PEO must assist, and the instance should be recorded in the *Notes* pages. See the Comprehensive Manual for step-by-step instructions on curbside voters.

# Regular Voter

Voter should state their name and current address. The following should be true for regular voters:

1. Name and current address correctly listed in ePB and
2. Current address is in a precinct in your location and
3. Voter has acceptable and current identification  
An unexpired OH Driver License or State ID with former address is ok if ePB has current address
4. Is not flagged to process provisionally on the ePB.

## Attention: New Photo ID Requirements

The following IDs are acceptable:

- 
- Unexpired Ohio Driver License/ Ohio State ID Card
  - Unexpired Ohio Interim Documentation
  - Unexpired U.S. Passport or Passport Card
  - U.S. Military ID, Ohio National Guard ID card, U.S. Dept of Veterans Affairs ID Card, or Digital Veteran ID Cards

When examining photo identification, PEOs must be able to determine that the name listed on the ID conforms to the information in the ePB.

Voters

The U.S. military ID card and Ohio National Guard ID card are more commonly known as the Common Access Card ("CAC"). Military ID's are issued to military personnel, dependents of military personnel, and veterans. The U.S. Department of Veterans Affairs issues Veteran ID Cards ("VIC") and Veteran Health Identification Cards ("VHIC"), both of which include a name and photograph. Veteran ID cards issued by county recorders do not qualify as valid photo ID for voting purposes." "As a general rule, an in-person voter must present photo ID in physical form. However, beginning in September of 2022, the U.S. Department of Veterans Affairs discontinued issuing physical VIC and now issues only digital VIC. As H.B. 458 clearly allows voters to use an ID card issued by the U.S. Department of Veterans Affairs, election officials must accept the digital VIC if the voter presents it.

Examples of an *unacceptable* photo ID:

- Driver License from another state
- Utility Bill, Bank Statement, Government Check, Payroll Check, Government Document
- Social Security Card
- Official mail or notice from the Board of Elections
- MARCC ID (Metropolitan Area Religious Coalition of Cincinnati)

Voters who do *not* have an acceptable ID *must* vote provisionally.

**RELIGIOUS OBJECTION-** Voters who do not have a Photo ID due to a religious objection to being photographed, must be given a Form 12-O to be completed. Those voters are required to vote Provisionally. Attach Form 12-O to the Provisional Envelope using the blue painters tape.

# Use an ePB to Process Voters

Voters can check-in at any ePB, including the VAT ePB.

To check in a voter at an ePB, do the following:

1. Ask the voter for their ID
2. Scan Ohio Driver License/State ID at back of ePB by camera, or select **Manual Voter Search**.
3. Ask the voter, "What is your name and current address?"
4. Verify that the voter's stated name and address match those listed on the ePB.
5. If the information matches, Touch **ISSUE BALLOT** and flip the ePB to the voter.
6. Voter selects either **DEMOCRAT** or **REPUBLICAN**. Please note that some jurisdictions will also have **ISSUE ONLY** ballots.
7. Voter taps **YES, CONTINUE**.
8. Voter uses stylus to sign ePB.
9. Voter taps **DONE** and flips the ePB back to you.
10. Compare the new signature to the signature on record in ePB. If the signatures match, tap **ISSUE BALLOT**.
11. The ePB displays the ballot style. Find the correct ballot.
12. Pull the correct party ballot.
13. Scan the ballot stub barcode using the camera on the back of the ePB. If you accidentally scan the wrong ballot, just get the correct one and scan it to complete the check-in.

Screen should say Voter successfully checked in.

Always scan the stub barcode on the ePB to ensure the following:

1. Voter receives the correct ballot.
2. The voter check-in on the ePB is complete.

Ballot accounting will *not* balance at the end of the night if the barcodes are not scanned.

14. Remove the ballot stub from the sheet after scanning it.

Place the stub in the Ballot Stub bag.

15. Give the voter their ballot, direct them to their voting booth, and instruct the voter to scan their completed ballot into the Vscan.

If the voter fails to cast their ballot and leaves it on the Vscan or anywhere else, do *not* cast the ballot for them. **The ballot should be voided.** To void a ballot, do the following:

1. Place **VOID** sticker on the top left barcode on the ballot.
2. Place the voided ballot in the red **Voided Ballot** envelope.
3. Make a note in the **Void Notes** pages.

# Manual Voter Search on an ePB

If Driver License or State ID does not scan or other ID is provided, use the following three search methods to find the voter. If none of these work, you may conclude that the voter is not registered.

To search for a voter, tap **Manual Voter Search** and then select the form of ID which the voter provided. Then complete the following steps to find the voter.

## 1. Tap **NAME AND BIRTHDATE**.

- Leave last name blank
- Enter first letter of the first name
- Enter complete birth date
- Select **SEARCH**

 If a voter has a double or hyphenated last name, try two separate **NAME AND BIRTHDATE** searches if needed. Search with the first three letters of the first name, first three letters of the *first* last name, and the complete birth date. If this does not work, do a second search with the first three letters of the *second* last name and birth year. Never enter a hyphen or punctuation.

If the voter's name displays, select it and proceed with the check-in. If the voter's name does not display, continue on to step 2.

## 2. Tap **LAST NAME AND HOUSE NUMBER**.

- Enter the first three letters of the last name
- Enter complete house number
- Select **SEARCH**

If the voter's name displays, select it and proceed with the check-in. If the voter's name does not display, continue on to step 3.

## 3. Tap **VOTER CODE**.

- Enter the 8-digit code found on the *Find Voters List* listed before the voter's name.
- Select **SEARCH**

If the voter's name displays, select it and proceed with the check-in. If the voter is not found, look up their precinct to determine if they are in the correct location. See next page for instructions.

If the voter *is* in the correct location but the name does not display, send them to the VAT ePB.

# Provisional Voting

In Ohio, voters may need to vote provisionally if they did not update their current address, forgot to bring their identification, requested an absentee ballot, or are listed in the ePB as "must vote provisionally". Regular & Provisional voters use the same ballot.

The provisional voter places their ballot in an envelope and the ballot is not scanned at the precinct on Election Day. The provisional envelopes are reviewed by the Board and accepted ballots are included in the official count.

## REASONS FOR PROVISIONAL VOTING

- Change of Address –voter moved into precinct at your location
- Voter requested an Absentee ballot
- ePB designation says—Must Vote Provisionally
- Voter not found in the ePB
- Change of name & voter does not bring proof of name change that shows both new and former name
- Challenged voter
- Voter cannot provide an acceptable valid ID
- Voter's signature is very different & does not match
- Voter does not have an acceptable form of ID due to a religious objection to being photographed. (**See details on pg. 39**)

NEW

**Processing Provisional Voter Options** are detailed below:

- A. Check-in PEO sends voter to the VAT ePB, after verifying their address
- B. PEO scans Ohio Driver License or Ohio State ID or uses Manual search options

### Option #1 - Voter is found in the ePB . . .

VAT PEO asks voter for their current address.

Once address is confirmed, PEO touches green **PROCESS PROVISIONAL** on ePB.

### Option #2 – Voter is found on the ePB & needs changes . . .

PEO asks voter again their current address.

The current address does not match; PEO touches yellow **NO NEEDS CHANGES**, then blue **EDIT**.

PEO enters the new house number and street name and searches.

Voter verifies the new street address and, at this point if the address is in the polling location, the PEO touches **YES CONTINUE** then the green **PROCESS PROVISIONAL**. Button on the ePB.

If the address is not in the polling location, the PEO re-directs voter to different polling place.

### Option #3 - After trying all Manual searches, the Voter is not found in the ePB, but current address is in the polling place . . .

PEO touches red **NO VOTER FOUND**, and enters all information, the voter's name and complete address then touches green **PROCESS PROVISIONAL**.

**Option #4 - The voter does not have ID, but current address is in the polling location. . .**

PEO touches red **VALID ID NOT PROVIDED** button, searches and locates voter. PEO then touches green **PROCESS PROVISIONAL** button.

**In all Options, once the PEO touches Process Provisional, the steps are the same:**

- C. PEO gives voter the *correct* precinct Provisional envelope.
- D. Voter completes and signs Provisional envelope.
- E. PEO checks to make sure the envelope is completed correctly. (**see pg. 40**)
- F. If information matches, PEO touches **SELECT BALLOT** and flips the ePB to the voter to sign.
- G. Voter uses stylus or finger to sign ePB.
- H. PEO confirms the signature matches.
- I. ePB shows ballot style.
- J. PEO gets the correct ballot and scans the barcode on the ballot stub  
-this makes sure the voter receives the correct ballot and completes the check-in process.
- K. PEO removes the stub from ballot and places it in *Ballot Stub* bag.
- L. PEO covers the top, left barcode with a yellow provisional sticker.
- M. **PEO gives voter Provisional Ballot Notice:** This sheet contains instructions how to cure a Provisional ballot for lack of acceptable ID and a phone number to call to find out whether their provisional ballot was counted.
- N. PEO gives the voter the ballot, completed provisional envelope and directs voter to open voting booth.
- O. Voter marks their ballot, puts it in the Provisional envelope, seals the envelope and then places it in the *Provisional & Unscanned Envelope* bag.
- P. Record all provisional voting situations in the Provisional Notes pages. Include the voter's name, the time, and reason for casting a provisional ballot (ex. ID expired).

Each polling location is provided with a *Provisional VAT ePB Processing* bag that contains:

- Provisional Voting Booklet
- Provisional Ballot Notice
- Provisional labels
- Provisional envelopes
- Provisional Voter Precinct Verification Form 12D
- Religious Objection to being photographed Form 12O

The key to voting someone provisionally - process them on the VAT ePB, make sure they are at the correct polling place, have them complete the provisional envelope, seal the voted ballot in the envelope, place sealed envelope in the *Provisional & Unscanned Envelope* bag. A provisional voter's ballot is never scanned at the polling place.

**NEW**

**RELIGIOUS OBJECTION-** Voters who do not have a Photo ID due to a religious objection to being photographed, must be given a Form 12-O to be completed. Those voters are required to vote Provisionally. Attach Form 12-O to the Provisional Envelope using the blue painters tape.

In multiple locations, the PEO must give voter the correct precinct provisional envelope. Compare the precinct name & number on the envelope to the precinct number on the ballot.

Voter completes Step 1-7 on provisional envelope\*:

**NEW**

**Step 1** Voter clearly prints Full name (**required**)

**Step 2** Voter fills in date of birth (**required**)

**Step 3** Voter fills in current Address (**required**)

**Step 4** Voter completes former address section (**if applicable**)

**Step 5** Voter indicates ID: Writes in full eight digit Ohio driver license or State ID number (**required**)

**Step 6** Voter provides Ohio driver license or State ID number and last four digits of Social Security number (**Recommended-the envelope serves as a voter registration form**)

**Step 7** Voter signs affirmation then fills in today's date (**required**)

PEO check to see if voter completed all steps.
